

SUPERVISED OPERATING EXPERIENCE FOR REMOVAL OF PILOT IN COMMAND LIMITATION

Name: _____ Certificate # _____ Aircraft Type: _____

14 CFR 61.64(g) The limitation described under paragraph (f)(2) of this section may be removed from the pilot certificate if the applicant complies with the following—

- (1) Performs 25 hours of flight time in an aircraft of the appropriate category, class (if a class rating is required), and type for which the limitation applies under the direct observation of the pilot in command who holds a category, class (if a class rating is required), and type rating, without limitations, for the aircraft;
- (2) Logs each flight and the pilot in command who observed the flight attests in writing to each flight;
- (3) Obtains the flight time while performing the duties of pilot in command
- (4) Presents evidence of the supervised operating experience to any Examiner or Flight Standards office to have the limitation removed.

Date	From	To	PIC Flight Time	Observing PIC (by signing this document I verify that the above named pilot performed the duties of pilot in command.)		
				Last Name	Certificate #	Signature
DATE	I have satisfactorily met the requirements of CFR 61.64(g) under the direct observation of a pilot in command who holds a category, class and type rating for the aircraft.			Signature
